

"The New Standard of Quality"

LEED Certification

Based on the LEED 2009 v3 standard for New Construction and Major Renovations –

Specrail Aluminum Fences and ornamental aluminum products are constructed from aluminum extrusions with a recycled content of at least 78% by weight. Products contains post-consumer scrap of a minimum of 61% of the content and 17% of the content is pre-consumer recycled. Our products constructed within these guidelines meets the Materials and Resources (MR) Credit4; Recycled Content of 20% minimum (post-consumer + ½ pre-consumer) requirements. The total combined Recycled Content of our aluminum is 69.5%.

Specrail products contributes to USGBC LEED-NC v2.2 and LEED 2009 credits, www.usgbc.org . Product is recyclable or biodegradable after use and our product is more durable or requires less maintenance than similar products.

This will allow any project using the Specrail products to be eligible for 2 points in the MR Credit 4: Recycled Content category.

If further information is needed regarding LEED, please contact our Customer Service department at 800-243-6256 or email us at info@specrail.com.

Thank you,

William A. Batts, III
President
